THIS MONTH'S COVER

It's that time of the year again. Fast, wasn't it! Christmas and New Year are just around the corner and lots of holiday activities are planned.

One of the highlights of most children's traditional holiday fun is the visit by Santa Claus. All Santa wannabes can rent Santa costumes from the Community Cultural Center where the coat, pants, hat, boots, belt, wig and beard are available for a daily fee of \$15. Our December Bugle cover shows Community Cultural Center Recreation Specialist Hiroaki Takase displaying one of the Santa suits. Takase recommends making early reservations for suits so as not to be disappointed and not to disappoint.

Total Learning Experience

As parents and teachers, we have the opportunity to enable our children to have a total learning experience in everything they do. At first, it may appear an overwhelming task. However, if we enhance this opportunity by teaching them to live comfortably with each other, to safely express one's feelings, to welcome new experiences, to learn who they are and what they could be, then the climate is set for total learning to take place. We look forward to working with you as we help your child experience all the joys of learning. Your participation is encouraged.

That's My Baby

Talk with your child about the things he or she did as a baby. Show your child pictures of him or herself and discuss the events in the pictures. This will reinforce your child's memories of the events.

Shortest and Tallest

Gather family members together and compare heights. Who's the tallest? the shortest? Can your child line everyone up from shortest to tallest?

Sharing with Others

Place a large basket on a table where it can be seen. Each time you and your child go to the grocery store, let your child pick out a can of food to put in the basket. When the basket is full, let your child help you take it to the local food bank.

Light Shapes

Cut out different shapes (circle, heart, triangle, rectangle, square, etc.) from the centers of 4" x 6" index cards. Turn off the lights, hold up one of the cards, and aim a flashlight through the shape so that the light shines on a nearby wall. Ask your child to identify the shape. Take turns playing this game.

Clap to the Rhythm

Clap rhythm patterns and let your child answer by clapping the same patterns. Increase the challenge by adding toe tapping.

Boxes and Tape

Give your child a roll of masking tape and an assortment of different size boxes. Let him or her tape the boxes together to build "things". Cardboard tubes, craft sticks, food trays, small cans, and aluminum foil make handy building "tools" as well.

Cleanup Box

When cleaning house, small items that have been left out can be placed in a box as they are found. Let your child help you sort the items according to the room they belong in and then put them away.

I See Something

Start this game by choosing an object that you see nearby such as a ball. Give clues that describe position such as "I see something round in the corner of the room". Have your child try to guess the object. Take turns giving the clues and guessing.

Our Zama Child Development Center is accredited by "National Accreditation Education for Young Children". Come and visit us or call us at 263-4992.
